Mrs Butler's Requirements

Your mistress, Mrs Butler, has asked you to do some shopping for her.

Old Money

Pounds (£), shillings (s) and pence (d)

There are 12 pence (d) in a shilling (s). There are 20 shillings (s) in a pound (\pounds) .

12d = 1s (or 1')20s = £1

	Money' key in the top right hand corner.
ow .	many shillings are in £3?
low	many pence are in 4 shillings?
•	have 65 pence, how many pounds, shillings and pence would that Prite it in the abbreviated form (£-s-d).
•	thave 245 pence, how many pounds, shillings and pence would that Prite it in the abbreviated form (£-s-d).

Now find the items Mrs Butler has asked for from around Kirkgate. Find out how much they cost and write down the prices.

<u>Please acquire</u>
Теа
George Britton has a poster up by the Cocoa Rooms telling you of his tea
prices. How much will it cost to buy two packs of the best tea?
Tow much will to cost to only two pucks of the best ten:
Tins of salmon
How much will three tins cost?
Linen thread
How many bobbins of thread can you buy for 10d?
In Ambler's grocers Isaac Dickenson owes money
Isaac has a 'slate' showing that he owes a total of 11d. If he
spends another 3d on Tuesday, how much will his total be? Write
this in shillings and pence.
