

Make a Viking Longboat

1. Colour the ship in.
2. Cut out the ship.
3. Fold up along the dotted lines.
4. Tape letter A to A and B to B.
5. With a hole punch, punch three holes along each side for the oars.
6. Cut out each oar and slide through the holes.
7. Cut out the sail shape and punch a hole top and bottom on the crosses.
8. Slide onto a craft stick and secure in the centre of your boat with a lump of blue tack.
