Odin

King or ruler of all the Gods and men.

The day Wednesday (Wodensdaeg) is named after him.

He was a God, who imposed order and had one eye. He wore a grey coat and a floppy hat. He had 2 ravens called Huginn (Thought) and Munin (Memory) and carried a war spear made from a branch from Yggdrassil which was decorated with runes of justice. Odin rode a horse called Sleipnir with 8 legs. He is often depicted with two wolf cubs at his feet.
